

Persona 2
Nikos

SHORT INFO

Teacher of
Science and Music
42 years old
Greece

DESCRIPTION Nikos lives in Athens and teaches Math, Physics and Music. He is 42 years old, is member of a band where he plays the drums. His other passions are robots and building different kinds of vehicles.

With his older son, aged 9, he has built already several of them with several systems (Lego, Robot, Clix, etc.). Thus, he is very fond of projects where students have to find ideas and craft their own creations. He is a teacher that pays high attention to the individual needs of students, and proposes tools that can be customized to these needs.

He is very flexible allowing students to work with other tools, since he is of the opinion that each student needs to make his/her own experiences for learning. He supports the students and checks the progress from time to time but leaves it up to them to create, design, craft and program their creations.

If a student has issues, he discusses with them the problem and guides them to possible solutions. Still, he is quite restricted within his curriculum but he is very creative in finding ways to combine both, project and curriculum requirements. This is also due to a very flexible headmaster that has high trust in Nikos and his way of teaching.
