## SHORT INFO

Student  
12 years old  
Austria

**DESCRIPTION** Noah can't remember a time where there wasn't some form of digital media in his home. He received a Nintendo DS at Christmas when he was 6 years old, and since then has moved up to a PlayStation3 videogame console.

He is very active and involved in sports and loves going outside playing with his friends, with the Nerfs, or ride his bike. When his friends come over they often decide to stay indoor to play a computer game, even when it's nice weather outside.

He attends a public secondary school in Austria and during his summer holidays he visited a camp on robotics and programming. He is very proud of his first self-created robot and continued to expand a little online game he created himself in Snap!

Noah is now 12 years old, but he is sure when he has finished the NMS (secondary school) he wants to go to a higher school that focuses on IT.
